OFFICE OF CAREER DEVELOPMENT SERVICES**

**THE OFFICE OF CAREER DEVELOPMENT SERVICES (UNILAG-OCDS) IN
PARTNERSHIP WITH BIG GIRLS FOUNDATION ORGANIZES A FREE
ONE-DAY CAPACITY BUILDING TRAINING FOR YEAR 3 & 4 FEMALE
EDUCATION STUDENTS**

The Office of Career Development Services (UNILAG-OCDS) in partnership with Big Girls Foundation is set to organize a free one-day capacity-building programme for year 3 & 4 female students of the Faculty of Education.

The primary aim of this event is to equip our future educators with the digital skills and pedagogical frameworks necessary to thrive in modern educational environments. The training will focus extensively on **21st-Century Classroom Design**, teaching students how to create engaging, technology-driven, and highly adaptive learning spaces.

Additionally, as part of their commitment to empowering young women in education, the Gig Girls Foundation will conduct **comprehensive validated test by TechnoServe (technology in the service of mankind) in the area of classroom readiness for the students**. This assessment will provide the students with valuable insights into their strengths and areas for growth, ultimately making them more competitive in the modern job market.

The direct benefits of this program include:

1. **Enhanced Employability:** Equipping students with modern teaching techniques highly sought after by top-tier schools.
2. **Psychological & Cognitive Awareness:** Helping them understand their personal cognitive styles and teaching aptitudes.
3. **Digital Inclusion:** Closing the digital divide by testing and improving essential computer literacy skills.

The programme is scheduled as follows:

Date: Thursday July 23, 2026
Time: 9:00a.m.
Venue: Jelili Adebisi Omotola Hall

Thank you.
